## From the Principal's Desk- December 2017

One question that we are frequently asked by parents is, "How can I help my child with their homework?" This is a great question, and we appreciate parents wanting to help with their child's education. Homework is very important and things are different in schools today than they were when we, as parents and grandparents, attended school. We have a new math curriculum in the elementary which allows students to use different methods to solve problems. It can be difficult for parents and some of these methods are completely

"backwards" from how we are taught. So what can you do? Here are some tips that you can do as a parent to help with homework after school. First of all, establish a routine and structure. Consistency is extremely important! Coming up with a plan will help your child. It might be best to start with a snack to help your child can focus on the task at hand. Having a set place for your child to do their homework is important as well. A great place to work on homework is the kitchen table. This allows you to sit with your child and help him or her if necessary and keeping an eye on them. Here they have room to spread out to complete homework. Often times, students like to work in their room; however, it is best to have them work at the kitchen table so you can monitor what they are working on as students can have far too many distractions in their rooms (i.e. technology). Finally, check with your child and ask them if they have homework. If your child has a planner, you can look to see what they have written down for assignments for that day. These are some little things that you can do as a parent to make a BIG difference in your child's education!

## Football Success

The South Loup Bobcats team had an outstanding season this year. They had a 12-1 record and were Class D-1 State Champion Runner-Ups. In their season, they have had great success. In the playoffs last year, they lost in the first round. This year they made it all of the way to state for the first time!! There were many injuries during the season, but they have always come up with a way to win the game. In a few games, they were down two starters, but they were able to score some big plays. It was hard on the team but they always got through it. During the season, they played very well and hopefully they go back to state next year. They have a lot to be proud of and we are proud of them as well!

### D1-8 All District Football Selections

Jack Rush: First Team Offense-Quarterback and Second Team Defense-Defensive Back

Gavin Robertson: First Team Offense-Offensive Line and Second Team Defense-Defensive Line

Marshall Still: First Team Defense-Defensive Line and Second Team Offensive-Offensive Line

## South Loup Volleyball 2017

The South Loup Lady Bobcats had an amazing year. The Bobcats ended the year as 27-7, losing to Southern Valley in the District Final game. This record is the best that the Lady Bobcats have ever had since the co-op of Arnold and Callaway. The Volleyball team had a lot of success at tournaments this year. They were champions of the Seven Valleys Tournament and the Brady Tournament and got 2nd in the MNAC Tournament, losing to state qualifying Hyannis. Coach Atkins said this about the season, " I am really proud of our girls and our season. We were really successful in all levels of play and had the best season ever as South Loup! It was so great to be able to watch the growth of the girls throughout the season. We made history in several areas of wins, placing at tournaments, and broken records." Congrats on a great year South Loup Volleyball girls!

## One-Acts

The Callaway One-Acts have had a great season this year. They got first place at the Loup City tournament and first at MNAC Conference in Brady. They also got first at the District One-Acts competition and will compete at the state competition. This is held in Norfolk at the Johnny Carson Theatre on Wednesday, December 6 and they perform at 11:30. Good Luck at State!

Female Actress Award Winners: Wryleigh Doyle(x3), Vayle Berger(x3), Laney Willis(x2)

Male Actor Award Winners: Isaac Stallbaumer(x3), Spencer Johnson(x2), Brett Hidle(x2), Marshall Still(x2)

Runner-Up Best Actor at MNAC Conference: Spencer Johnson

## YLCC

YLCC stands for Youth Leadership of Custer County. This organization brings high school students to show them how together to be a leader in their community. This is offered to Juniors and Seniors. In order to be accepted, you fill out an application and go through an interview. Each school can pick five students to participate. This year's YLCC participants are Kalen Dockweiler, Garrett Hrupek, Weston Kunkee, Mikayla McFate, and Laney Willis. Their project is to renovate the park. They want to repaint the signs around the pool with the rules on it. They also want to repaint the cook shack and the picnic tables. They would also trim the trees where the campers park and repaint the lines on the basketball and tennis court. So far, they have talked about the SWOT analysis. SWOT looks at the strengths, weaknesses, opportunities, and threats the community has to offer. YLCC has been hosted by Broken Bow, Sargent, and Anselmo. Those towns took the Callaway YLCC group and showed them around their town and told them about their SWOT analysis. They have also been working on their projects. They split up in groups and one from each school attended. They have a friendly conversation to start the day. They have tried to meet about once a month and this gives them an opportunity to go out in their community and make it better. This organization gets their foot in the door to help the community in a simple small way. It might be small but this organization teaches them how to make an impact in their community throughout Custer County.

## STEM Lab

This November, the school was lucky enough to be able to check out the "STEM Lab." This lab was available to schools in the Custer Public Power District service territory. With the assistance of NPPD and ESU 10, the STEM Lab was able to become a reality. In the district of Custer County, the STEM Lab was at each school for two week intervals. It consisted of 10 stations that allowed students to explore the four components of STEM in an open learning environment. The four themes that the categories fell into were "Make It New", "Make It Do", "Make An Impact", and "Make It You." The 10 labs created a "maker space" for students to explore design, engineering, fabrication, and education. A few things the lab included were a 3-D printer, Carney CNC Mill, robotics, electronics, sensor station, and more. At each STEM Lab there was a log book so when the lab went to a new school, the progress of each lab could continue to the next. To sum it up, the mobile STEM Lab is a resource for schools to utilize a maker space Education model that encourages science, technology, engineering, and mathematics, with the emphasis in open source learning and sharing.

## FCCLA District Meeting a Success

The District 10 FCCLA meeting was held on Wednesday, October 18, 2017, at North Platte Community College. Approximately 200 students were in attendance including 18 members from Callaway. The schools attending the meeting were Brady, Callaway, Cozad, Maxwell, Mullen, North Platte, Overton and Thedford. The morning activities included a welcome from the representative of the college and an installation of officers. These officers and their titles are: **President Addie Hild from Callaway**, Secretary – Jett Simpson from Maxwell, VP of Public Relations – Marlee Taylor from Thedford, VP of Special Projects- Hannah Smith of Overton, VP of Competitive Events – Hanna Marshall from Mullen, District Representatives from Brady and Cozad.

After the officer installation, Maxwell presented the National Slide Show. Then, FCCLA members participated in community service projects. Callaway worked with Sylvan Learning Center and Kids Academy in North Platte during this time and completed various cleaning activities and projects around each building.

In the afternoon, the State Officer Team and State Peer Officer Team led breakout sessions. Wryleigh Doyle serves as the 2017-2018 Family Leader Team Historian and presented a session about the importance of families. There were various competitions held throughout the day as well. Callaway placed 3<sup>rd</sup> in the Poster creation division.

# Honor Society

By: Taylor Conroy

This year there were eight new sophomores that got inducted into honor society. These students were Jessie Sallach, Kalie Glendy, Trevor Ross, Eddie Berger, Cody Erstrom, Connor Rosfeld, Natalie Trumbull, and Delanie Pinkerton. In order to get inducted, the students had to be sophomores, have eight hours of unpaid community service, and maintain a 90% GPA. There is a total of 23

members on Honor Society with eight seniors, seven juniors, and the eight new sophomores. Next semester, we will be changing from Honor Society to National Honor Society. National Honor Society is more prestigious. With the new National Honor Society, comes new criteria. It looks at different aspects of the students including leadership skills, characteristics, service, and the academic achievements.

# Bobcat of the Month

By: Suzy Heusman

"I enjoy Bryant in class because he works hard, and he does not draw attention to himself. He is comfortable with his abilities, and he's not afraid to think. This is a nice combination."

~ Mr. Ellis

"Jessy always comes to school with a smile on her face and a positive attitude. Jessy is always willing to work and tries her best. For these reasons I choose her as the Bobcat of the Month"

~ Mrs. Sallach

"Lila exhibits the traits of a successful student. She comes to class everyday with all of her materials. She pays attention and actively participates in class. Lila is a very important leader in her lab group. I also appreciate her willingness to ask questions when she does not understand a concept."

~ Mrs.  
Svenson

# Veterans Day

By: Matti Stout

Every year on November 11, Veterans Day is celebrated. On November 10th, Callaway Public Schools held an assembly for all the veterans in Callaway. We recognized all of the veterans and had a couple of them speak to the high school and the elementary. A couple of the Callaway elementary girls handed them decorated rocks and the Oconto kids gave them little bags filled with treats. Outside of the auditorium there was a table set up for all of the fallen soldiers or the ones that couldn't be there. This table is called the Missing Man Table or The Fallen Comrade Table. The table is small and set up for one person. It is usually set up close or within sight of the dining room. The tablecloth is white. It symbolizes the purity of their intentions to respond to their country's call to arms. The single red rose in a vase symbolizes

the blood that was shed in the fight for our country. It also represents the families and friends that have waited and kept faith while waiting for them to come home. The red ribbon represents the love for the country, which inspired those to fight. The slice of lemon on the bread plate represents the bitter fate of those missing. The salt spread out on the table represents the tears that have fallen from families who have lost loved ones. The inverted glass represents that the missing and the fallen cannot partake. The Bible represents the strength gained through faith to sustain those lost from our country, founded under one nation under God. The lit candle symbolizes the light of hope which lives in our hearts to illuminate their way home, away from their captors, to the open arms of a grateful nation. And finally the empty chair. The empty chair represents those who have fallen or who cannot be there. I am truly grateful for those who have fought for me and everyone else in this country. I couldn't tell you how grateful I am that you all have put your lives on the line for everyone. That takes true courage to do what you do.

## Kindergarteners Carve Crazy Pumpkins

On October 20th, Mrs. Ross' kindergarten class carved pumpkins for Halloween. The pumpkins were grown by Mrs. Ross in her garden. The kindergarteners drew a face onto the pumpkin and the eighth period art class helped them carve the faces into the pumpkin. Nineteen kindergarteners carved their own pumpkin and had a lot of fun. Some students had never carved a pumpkin before so Mrs. Ross and the art class got to see all of their reactions of disgust and surprise as they removed the inside of the pumpkin. After they were done carving, they took the seeds they had saved and took them home along with the pumpkin. The kindergarteners were able to do a fun activity, while being safe. By: Macy Rynearson

## New College Timeline will keep you on track to college

EducationQuest has launched a new [College Timeline](#) for students in grades 9-12 that spells out steps you should take during fall, winter, spring, and summer to plan for college.

The Timeline also allows you to add your own tasks, get reminders when it's time to complete tasks, and check off tasks when they're complete. You can access these features by creating and/or logging into your [MyEducationQuest](#) account at EducationQuest.org.

Check it out and give it a try. It will make the college planning process more manageable!

## What to expect after you submit your FAFSA

The [FAFSA](#) opened October 1 so many of you have already completed and submitted your form. Here's what happens next:

**Expect a Student Aid Report (SAR).** You'll receive it via an email link if you provided an email address on your FAFSA. The SAR acknowledges that your FAFSA was received, and if you need to take further action to process your FAFSA.

### Make sure you applied for admission to colleges you listed on your FAFSA.

Colleges who receive your FAFSA results typically won't send you a financial aid package until you've applied and have been accepted to the school.

**Watch for verification requests.** The college(s) you listed on your FAFSA might request verification of your FAFSA information. If so, send the required documents to the colleges' financial aid office.

**Watch for financial aid award notifications.** The colleges you applied to – and listed on your FAFSA – will send you a financial aid award notification detailing the types and amounts of aid they're offering based on your financial need.

This [EducationQuest Blog article](#) has more details about what happens after you submit your FAFSA.

---

## Haven't completed your FAFSA yet?

No problem! You and a parent can complete the form at [FAFSA.gov](#). Before you start, create an FSA ID for you and one for a parent at [fsaid.ed.gov](#). You'll need them to access and sign the FAFSA.

For free help with the FAFSA, watch this [FAFSA Demo](#), use our free [FAFSA Tools](#), or call EducationQuest to make an appointment:

## Winning the scholarship game

Follow these tips to increase your chances of earning scholarships:

**Don't ever pay for scholarship searches!** Use *free* resources such as [ScholarshipQuest](#) at EducationQuest.org with over 2,000 Nebraska-based scholarships. Free national sites include [Peterson's](#), [FindTuition](#), [Cappex](#), and [Chegg](#).

**Visit your school counselor often** for information about local scholarships.

**Focus on local and college-specific scholarships** because you're more likely to earn them.

**Update your activities, honors, community service or paid jobs** using the [Activities Resume](#) at EducationQuest.org.

**Earn the best possible ACT/SAT scores** by taking the exam in the spring of your junior year and again in the fall of your senior year.

**Use quality references** such as a teacher, coach or counselor. Encourage them to write specific examples of your leadership skills. Give them advance notice and a specific deadline.

**Tailor your essay to the scholarship.** Ask an English teacher to read your essay and offer advice on making a big impact. Your essay will need to stand out from other applications.

**Want some inspiration?** [Read](#) how one Nebraska student earned over \$65,000 in scholarships!
